### LONG STAY EXCLUSIVE OFFERS

Whether you are working remotely or simply looking to regain your inner balance, with all recommended safety and healthy guidelines implemented, our long stay offers provide the perfect conditions to spend some quality family time away.

### LOCATION

Unique in its culture and stories, Comporta inspires us to reconnect to nature's rhythm and live its wise lessons. Here, life takes its time. We believe time is a luxury. Immeasurable, invisible and the host of life, time is what our journey is really made of.

On a coast of infinite whitesand beaches, between acres of pinetrees and lush green rice fields, one hour south of the European capital Lisbon Quinta da Comporta is located on a charming small village where time takes its path. In the village you will find from local supermarkets to stationary store with international newspapers, typical restaurants, bakeries and self-service laundry.

*"Comporta is a place which somehow becomes part of us. A place that reconnects us with life in the most genuine way. To be here is to be part of something real, which ultimately is what we feel when we are home. That feeling itself is such a privilege, one can only be inspired by it".*
